

Nation's 1963 March of Dimes Child Visits Doctor

Visits every three months to his doctor's office are routine for Jimmy Boggess, 5, Coy, Ark., National March of Dimes Child for the 25th anniversary year of 1963. Jimmy underwent surgery for the birth defect of open spine just five days after he was born. Symptoms of water on the brain, another serious birth defect, developed later but disappeared of their own accord. Above, his mother, Shirley Boggess, who is also March of Dimes campaign chairman in her county, combs Jimmy's hair as he gets ready

to visit his friend and orthopedist, Dr. Sam Thompson (right), in Little Rock. "Doctor Sam" perches Jimmy on examination table and checks fitting of his leg braces. Jimmy symbolizes the thousands of children throughout the nation who need help under The National Foundation-March of Dimes program to fight crippling birth defects, arthritis and polio through the best in scientific research and medical care. This voluntary health organization now finances more than 50 clinics to treat these cripples.

REFERRED

A communication from Dr. Robert E. Donovan, 40 Jason st., advising that he is interested in purchasing a portion of Town-owned property at 1083 Mass. ave. has been referred to the Development Commission by the Board of Selectmen.

THAT THIS MIGHT NOT HAPPEN HERE

Early guesses indicate that the Annual Town Warrant will be some 20-25 articles lighter, give or take a few than was the case last year. A top-heavy number of zoning articles at the March Meeting a year ago lifted the Warrant to an all time 108 article high — between 80 or 90 is the guessimate for this year. First articles in, concern a change in zoning and a request for the naming of the Summer st. playground the "Buck Playground".

Everybody complains about the weather — when it's hot it's too hot, when it's cold it's too cold, when it's windy — etc.

Yet weather tends to make even the most bitter of us all a little more sociable. How about the fellow who sits huddled in a corner, of the commuter car with his hat over his eyes all the way to work each day, or the husband who buries his head in the morning paper while the "little woman" buries her hands in the dishwasher, or the boss who snarls "drumph" when answering hopeful greetings at the office at the start of the day — "Yep" all these and many more become the picture of sociability while describing the big snow drift in front of their house or the fact that it was two degrees colder in their town than in the city across the tracks, etc. and etc. — life could become pretty dull without weather. The old saying still holds — "Everyone talks about the weather, but no one does anything about it" (but they sure try).

Understand that the local March of Dimes program has some outstanding events coming up this month to help raise funds for this worth-while cause.

Congratulations to the Moscas at Colonial Bakery in East Arlington on the birth of a baby girl — Johnny Lagasse. Thesda st. has been awarded a frosh football letter at Northeastern.

Mrs. Stephen Frost, Ernest rd., is publicity chairman of the Western Villagers, Chapter of the Colby Junior College Club of Boston — the Villagers will be included in a cold war discussion to be held at the Wayland (High School Little Theatre, Jan. 17).

Seek Listing

Financial Statement requests have been mailed to some 443 businesses in Arlington by Dun and Bradstreet.

Each year during the month of January Dun and Bradstreet makes such a request. This year requests are being sent to approximately three million businesses throughout the country — to the corner grocery store worth a few thousand dollars as well as to businesses worth millions.

The Dun and Bradstreet Reference Book lists those manufacturers, wholesalers and retailers who seek or grant commercial credit. It does not include some of the service and professional businesses such as beauty and barber shops, security dealers and real estate brokers. Therefore, the figure for total businesses in the United States would be higher than the three million quoted.

New England Manager for Dun and Bradstreet, John D. Lanpher has stated that during the past year 195 changes have been made in the Reference Book listing in Arlington including 42 names added and 81 changes in the ratings of the continuing businesses.

The changes taking place locally are about even with the rest of the country where a change of business significance is counted about every five seconds.

PLEASANT ST. CHURCH

An early service in Edith Fox Chapel will be held at 10.

Church School with classes for children and young people from pre-school through grade 8, will be held at 10:45. High School young people will meet in the Chapel at 10:45.

NEUTRAL OBSERVER

Some interesting situations may be developing in the contest for Selectmen, although the number of candidates seeking the office is not reaching record-breaking proportions. Originally, incumbents Joe Greeley and Horace Homer, along with Jesse Rogers, Stan Whitman, Leonard Clark and Bob Porteus had jumped into the contest.

However, all of these took out papers well back into December. Interesting developments of recent date indicate that Whitman is definitely not going to run, and that there is feeling in some quarters that "Skip" Clark might not go either.

However, the picture has now changed appreciably with the taking out of papers this week by Ed Murray. Murray, thought by many to be a political unknown made a fine showing against Frank Hurd in the "Rep" contest in the 28th Middlesex District.

He could be the third "big vote getter" in this race. Homer and Greeley would figure to top the ticket at this early check-up.

However, with Whitman out and Clark possibly out and Murray in, the complexion of the scene changes a bit. —And isn't there the possibility that Frank Hurd might give it one more try. Frank still feels that he could fare well in this type of contest.

At the present time all the incumbents now holding office have taken out papers.

In the Housing Authority contest, incumbent Doherty has taken out papers; John Byrne has taken out papers in the Assessors' race; Mary Carter, Richard Baker and Art Coughlin have thrown their hats in the School Board contest — the three year race that is. Frank Coughlin and Ann Mahon have taken out papers in the Town Clerk and Treasurer race respectively.

H.J. Andover, Conn., and David W. of Arlington.

He was graduated from Arlington high school; the Boston Fire Dept. Officers' school and attended the New York Fire Dept. Officers' college.

The new Chief became a permanent member of the local Department, July 16, 1929; Dec. 1, 1956, he was promoted to the rank of Captain; and became a Deputy Chief, Aug. 30, 1959.

He is married to the former Ann Thompson of Somerville and the couple has two children — John E. Jr., Gloucester and Janice Monteth of Belmont.

He was graduated from Arlington high school; Co-burn Classical Institute, Waterville, Maine; Boston Fire Drill school and the Boston Fire Dept. Officers' school.

On his appointment in 1955, Egan succeeded Chief Richard Tierney.

There have been several other appointments made in the ranks of the local Department since the first of December.

On Dec. 2 Captain Charles J. Doherty, 10 Lowell st., place was promoted to the rank of Deputy Chief; on Dec. 30, Lt. Robert Kelley, 46 Yerxa rd., was named a Captain; on the same day fire fighter Daniel Compobasso, 15 University rd., was advanced to the rank of Lt. and also on the same day Leonard E. Larue, 14 Fremont st., was appointed as a firefighter.

George "Bud" Faulkner, Director of the Arlington Boys' Club as a prelude to his Annual Report of the Club has summarized the activities during the first six months in the facilities.

Mr. Faulkner's statement to the press on the matter reads as follows:

"The first six months in our new facilities were spent in educating the members, adjusting to the problems of a building of this size and scope of operation, and constantly striving to improve the program and techniques in conducting same.

"Each and every one of our 3,197 members (boys and girls) were given a thorough introduction to the club with emphasis placed on 'what the Boys' Club can do for them and in turn what the Boys' Club expects from them.'

"Attendance daily ranged from 450 to a high of 1100 with each individual boy or girl participating in a varied and active program of his own choice. They soon learned that being the 'best' was not important in club activities; nor was competition of great importance unless it was self competition, as the child extended himself for self improvement.

Guiding Success

"Figures are always important, but personally we feel that '500 in swimming classes' is rather insignificant when compared to the individual boys who have been helped regarding problems of various descriptions. Such individual cases as the boy who was burned severely over 1/2 of his body; or the many referrals from the school department; or just the boy who is observed as a problem by a Boys' Club staff member to name a few.

and the efforts of the staff in guiding these boys — are the success story of the new Boys' Club — differentiating the Boys' Club from just any

CHAIRMEN

Charles H. Cremens, 64 Mt. Vernon st., Arlington has accepted appointment as advance gifts chairman for the 1963 Heart Fund Drive in Arlington. It was announced today by the local campaign chairman, Mrs. J. Raymond Johnson.

Outstanding in the field of civic and community affairs, Mr. Cremens is presently director of Health & Safety Education for the Cambridge School Department. He is also a member of the Executive board of the Cambridge Red Cross, and a trustee of the Cambridge Lodge of Elks.

Active in the National Education Association, Mr. Cremens is a veteran Heart Fund volunteer. He has participated in campaigns in the position of general chairman, Heart Sunday chairman, and Advanced Gifts Chairman.

SIREN BACK

The testing of audible warning signals, commonly called air raid sirens, was discontinued in Arlington on October 25, 1962. This was due to the critical nature of the emergency that existed at that time.

The audible warning signals testing will now be resumed. The tests take place only on Fridays at twelve o'clock noon. They will consist of testing the eighteen sirens located on top of Edison Light poles.

If sirens are sounded at any other time it will be due either to a real alert or a short circuit in one or more sirens. The thing to do, if you hear the overhead sirens at other than the normal testing time, is to turn on your radio or television set. If stations are operating normally, then you can be sure the cause of sounding is a short circuit. Radio and television stations will receive the alert as quickly as Arlington Civil Defense will receive it.

CITATION

A communication from the Mass. League of Cities and Towns advising that the League has prepared a citation to be given away annually to one of the Town's outstanding municipal employees has been tabled until February by members of the Board of Selectmen.

recreational center.

"Quality in program and guidance has been the philosophy of all Boys' Club personnel as they are motivated by the needs and interests of all youth.

"The Co-ed Teen Club innovated by the Boys' Club in the new facilities, has been most satisfactory in participation and program content.

"Finances — always a major concern of the Board of Directors. Because of a substantial increase from the United Fund, the operating budget was sufficient, during 1962, to meet the needs of a greatly expanded program, which includes staff maintenance etc. The year 1963, as in past years, will, we sincerely hope, be as successful in relation to raising funds — for if not, the present minimum rates to the members might possibly change. This is highly dubious for we are most optimistic regarding financial support from individuals and organizations in the community, as well as substantial allocations from the United Fund and philanthropic foundations interested in youth work.

Thanks One And All

"The Building Fund Financial Statement, briefly, as of December 31, 1962 is as follows: Total Pledged — \$557,962.36; Total Paid To Date — \$501,300.59. The payment of the balance due is expected in the immediate future and provided that all is forth-

coming, the Building Committee, of the Boys' Club does not anticipate a deficit.

"We, the Board of Directors and the staff of the Boys' Club are most profuse in our gratitude — to the Town of Arlington for their cooperation in all matters; to the Arlington papers for their assistance in public relations; to the countless volunteers for their assistance in administration and program; to the numerous individuals and organizations for their financial support and to the entire community for their enthusiastic reception to the new Arlington Boys' Club.

"I personally, would feel most inadequate if I did not pay humble tribute — publicly — to the Board of Directors for their direction and participation in all the pertinent particulars that related to the creation of this all-inclusive community program and to the staff who so unselfishly gave of time, knowledge and sincere interest in providing the very best in wholesome — diversified activities.

"In closing, we cordially invite any boy or girl, 8 years or older, to join the Boys' Club and extend to all the invitation to visit the new building at their convenience."

3-0 Lead Not Enough; Brookline Comes All The Way Back

Some fifty youngsters from the Junior High School East return after classes on Mondays to take part in a special Gym Club run by Charlie Tucker. Boys build a few muscles and have a "lot of fun" in the process. Pictured above are some of the boys in action. Top left — a little rope climbing for Ricky Feledano, Jackie Casey and Alan Preston; top right — Johnny Walsh goes up on the trampoline. Center left — Paul Ranauro finishes warm-up on the parallel bars. Center right — Jim Kelly goes over the horse. Lower left — Wayne Ogden hangs for dear life on the rings and lower right — Leo Poland in action on the same rings.

News Staff Pictures

Arlington high school's G.B.I. hockey title hopes received a sharp jolt Saturday at the Boston Arena when the locals blew a 3-0 first period lead and went down to a 4-3 defeat at the hands of Brookline.

The loss left Arlington with a total of 8 points, three behind Brookline and four behind Newton and Medford.

Larry Capello scored Arlington's first marker at 1:42 of the opening canto as he fired

through a screen of players after taking a pass from Gammell.

Gordie Clark made it 2-0 with assists going to Carr and Toczylowski at 3:35 of the same period, while Capello rocketed the losers into a 3-0 lead at 8:21 of the initial period denting the cage from a scramble out in front.

Bob Collins after taking a pass from Fleming scored Brookline's lone first period tally from 40 feet out at 9:39.

Ray Plagge on a pretty play roared in all alone on Billy Langone at 3:03 of the second period to move the winners to within a goal of a tie.

Just over a minute later Barry McCarthy knotted the count when his shot popped into the net after bouncing off the crossbar.

Just after the face-off to start the final period, Kevin Fleming of Brookline carried the disc into the Arlington zone and his weak shot dribbled in front of the net where Fran Hennessey fired it into the far corner of the cage for the clincher.

Ronald A. Norris, a Norwich University senior from Arlington, has been named for inclusion in the 1963 edition of "Who's Who Among Students in American Universities and Colleges," it was announced recently.

Selection is one of the most valued honors among college seniors. Twenty-one Norwich seniors were chosen for inclusion this year.

Norris, who holds the rank of Cadet Lieutenant Colonel in the regimental organization of the Corps of Cadets, is in command of the third battalion of the Cadet Regiment. A 1958 graduate of Arlington High School, he is a liberal arts major at Norwich. He is the son of Mr. and Mrs. Ransom A. Norris, 76 Hodge rd.

ASK WAIT

Action relative to alleged parking problems in the Arlington Heights area has been put aside for another week since the Comprehensive Report of the Planning Board to be presented to the Board of Selectmen next week lists two proposals geared to assist business men in the Heights Shopping area.

The Planning Board in commenting on an original request from those in the area advised that on conversion of the Locke School property should be permitted while the school is still in use.

Meanwhile, in a communication to the Board of Selectmen, George Anderson, 180 Charlton st., stated that in his opinion parking meters should be tried in this area before any further money is spent, for the mutual benefit of both the merchants and the shoppers.

O.K. LIST

The Board of Selectmen Monday night approved a list of persons qualified to serve as Jurors pursuant to Section 4, Chapter 234 of the General Laws.

MANAGER HOSPITALIZED

Town Manager Edward C. Monahan is confined to Symmes hospital after suffering a relapse Saturday from the illness which has kept him away from his duties since early December.

REFERRED TO CHIEF

A communication from Richard Wilson, Harvard University, suggesting the installation of a cross walk with lights on Pleasant st. at Kensington Park, and suitable signs and enforcement of speed limits to make Pleasant st. somewhat safer to cross was referred to the Chief of Police Monday night by the Board of Selectmen.

Canadiens 3, Maroons 1

The Canadiens, led by big Glen Hale, trounced the Maroons 3-1. Hale scored two goals on fine solo efforts. He picked up the puck at his own blue line, skirted the Maroon defense and backhanded the puck into the net.

Louis Paragona opened the Maroon scoring when he took a pass-out from the corner from Jim Portesi and slammed it home. Mike Butler prevented a shut out when he slipped the disc under the goalies skates from in close.

Bob Macauley earned an assist on the goal.

John Jackson kept the score down with a superb effort in the Maroon's net, making about 30 saves.

Rangers 2, Bruins 1
The Rangers upset the Bruins in a close contest as Dave Provost scored his first goal from a scramble in front of the Bruins net. Brian Corkery earned an assist on the tally.

Bill Murray had given the Rangers an early lead on a pass from Glen Gallucci, which he drilled into the net from about 10 feet.

Bob Bartholemew evened things with a long blast from just inside the blue line. Richard Kelleher helped the Rangers to victory with some timely stops.

Red Wings 3, Rockets 0
Bob Green, the rugged wing forward, was the big gun as the Wings swept to their third straight.

Bob Feliciani opened the scoring when he lifted Jack Curtin's pass from the corner into the drapes.

Green scored his first on another corner pass-out from Bob Murphy. His second marker was a solo effort from his own zone. He rifled a bullet into the upper right-hand corner.

Kenneth Bausgulis in the Wing's net turned back several dangerous Rocket thrusts.

Black Hawks 4, Leafs 0
The Black Hawks stayed in contention with a strong effort and blanked the falling Leafs 4-0. Tom Fitzgerald, who has one of the hardest shots in the league, blasted two into the Leafs' net from the left lane.

Bill Shea picked up assists on both of Fitzgerald's goals. Bill Corkery, the speedy Hawks forward, chalked up

the other Hawks goals.

The first one was a neat effort as he stole the puck in the Leafs' corner and worked his way in close. The second goal was the result of a feed-up from Neil Harrington.

Phil Dacey, the Hawks net-minder, turned back several dangerous Leafs efforts with some classy stops.

Postmaster Urges Proper Postage

Postmaster Ephraim Martin strongly urges patrons to be sure and place the correct postage on their mail. New postage rates went into effect this week.

Postage rates for first-class letters were increased from four cents to five cents an ounce with air mail letters now costing eight cents and ounce instead of seven.

First class post cards now cost four cents instead of three with air mail cards going from five to six cents.

The extra charge of one cent for stamp booklets containing the five-cent and eight-cent denominations has been dropped. The booklets are being sold at their face value at one dollar and two dollars respectively.

In addition, the postmaster continued, the booklets contain a handy postage chart on the inside cover.

Postmaster Martin called attention to the fact that insufficient postage will be collected from the addressee or the letter returned to the sender.

Rate increases are now effective on circulars, second-class mailings and educational ma-

BY HERB YOOD

Arlington High's hockey team was upended 4-3 in an attempt to extend its four game winning streak by an aroused Brookline High team last Saturday at the Boston Arena.

Arlington took an early 3-0 lead in the first period on two pretty goals by Larry Capello and a singleton by Buddy Clarke. Despite the fact that Arlington kept up the pressure all over the ice, Brookline began to nibble at the lead in the first period, and by the end of the second period had tied it up, 3-3. Interestingly enough, Brookline's first and third goals were slap shots from blue ice, and the third goal hit the upper pipe of the net and ricocheted in.

However, as Coach Ed Burns would be the first to point out, a goal is a goal, no matter how a club gets it, and, of course, the scoreboard is the final judge. Brookline picked up its winning tally after only 24 seconds had passed in the third period with a marker by Fran Hennessey.

Arlington outshot Brookline 24-15, but after the first period, the puck just didn't seem to be falling for Arlington, and that was really the story of the game.

The loss places Arlington in fourth place in the G.B.I., three points behind third place Brookline, and four behind league-leading Newton and Medford. According to Coach Ed Burns, this year's league is the closest in five years. By way of illustration, the difference between the top and low of-fenses among the first five in the league is but two goals.

In fact, the difference between fourth place for Arlington and first is only a couple of goals in the right places. The same is also true of Brookline, which incidentally, beat Arlington for the first time in Coach Burns' tenure.

Arlington's next two games, against first place Newton and Medford, should be crucial in the final standings of the G.B.I. According to Coach Burns, the team that manages to lose only three games will probably wind up on top of the heap. Arlington, with a 4-3 record, has its work cut out, while the top three in the league are going to have to battle for each point in the standings.

Despite a tremendous effort, Arlington High's basketball squad lost 54-47 to Watertown High, the team that authored the year's biggest upset, over highflying Brockton.

Arlington took an early lead, 14-12, in the first period. Watertown came back in the second stanza with 20 points to take a 32-25 lead at half-time. However, in the third frame, Arlington put on a terrific demonstration of defensive basketball, holding Watertown to only four points, while scoring 12, to take a slight third period edge, 37-36. With less than two minutes to go, the game was knotted, but late fouls cost Arlington the game.

Capt. Bob Keefe paced Arlington scorers with 17 points, and an interesting oddity, his five points on five shots were the only free throws Arlington scored all game. Richie Sheehan also hit for double figures with 10, while Pete Scully and George Stroh notched eight and six respectively. Ken Thompson played a great defensive game, holding Watertown's scoring ace, Ed Claffee, six points under his season's average.

Arlington's next home game is Friday, the eleventh, at 7:00 p.m. against a great Brockton team, whose only loss this season has been to Watertown.

Coach Red Kelly's track team showed an impressive improvement as they went right down to the wire before succumbing 41-35 to Somerville High, the fourth ranked team in the Metropolitan League's Division two, last Saturday.

Pellegrini Takes Oath

On Wednesday, January 2, 1963, Senator-elect Phil Pellegrini took the oath of office from outgoing Governor John A. Volpe and thereby officially assumed the job of representing the Sixth Middlesex District in the State Senate. Senate President John E. Powers and Senate Majority Leader Maurice Donahue were hosts at a luncheon for the newly elected Senators, their families and friends following the swearing in ceremonies.

Senator Pellegrini's wife, Nancy, his son, Robert, his sister, Madeline Formichelli, and Selectman John W. Bullock were on hand to witness the event.

the event.

Shortly after the first Senate session drew to a close, President Powers announced the appointment of Senator Pellegrini as Chairman of the Senate Mercantile Affairs Committee. This important Committee primarily deals with a variety of problems vitally affecting the interests of the Massachusetts Business Community.

In addition to this major Committee assignment Pellegrini was also appointed to serve on the Committees on Cities, Banks and Banking and Natural Resources.

An article will be inserted in the Town Warrant for the formation of a five man committee to study the possibility of replacing the police operation desk at the local station.

Arlington picked up four firsts in the meet with Fred Nevola in the 300, Capt. Bob Kelly in the 600, Dave Wellons in the 1000, and Libby DeStefano in the shotput. Also adding points in Arlington's behalf were Art Corbett in the mile, Phil Simonds in the 1000, Bill Glynn in the shotput, and Steve Freyer and Bill D'Antuono in the hurdles and dash respectively. Two second place finishes deserve special mention. The impressive showing of sophomores Bob Fisher and Jim Tiede in the 600 and 300 augurs well for Arlington's future track teams.

This Saturday, the B.A.A. will be in progress and the Saturday after should see Arlington's trackmen picking up their first win of the season, over Needham.

Does Arlington have a Youth Services Department or not? This question will be further investigated prior to the closing of the Annual Town Warrant for Town Meeting.

Members of the Youth Service Board, Mrs. Kenneth Spengler and Anthony DiNatale, along with Mrs. Tina Howell, whose appointment as Director of the "Department" was announced last week met with the Board of Selectmen Monday night in an effort to determine whether or not there is a Department or Committee involved.

Selectmen Chairman Horace Homer told those present, "We have no official notification that you are a Dept."

"The Town Meeting has designated you as a Committee," Homer stated.

"This is news to us," Mrs. Spengler stated.

"No one has suggested that we are a study Committee, she continued.

Mrs. Spengler stated the group wanted to be a Dept. so that outside funds might be applied for.

Those present, came before the Board in connection with a possible budget request. They felt that a request would be included under the budget article rather than as a separate Town Warrant article.

"It was explained that the Town was getting a full-time Director at no cost, referring to the naming of a Director under a \$10,000 Federal grant.

The Board of Selectmen felt that it was the intent of the Town Meeting a year ago to establish a Committee.

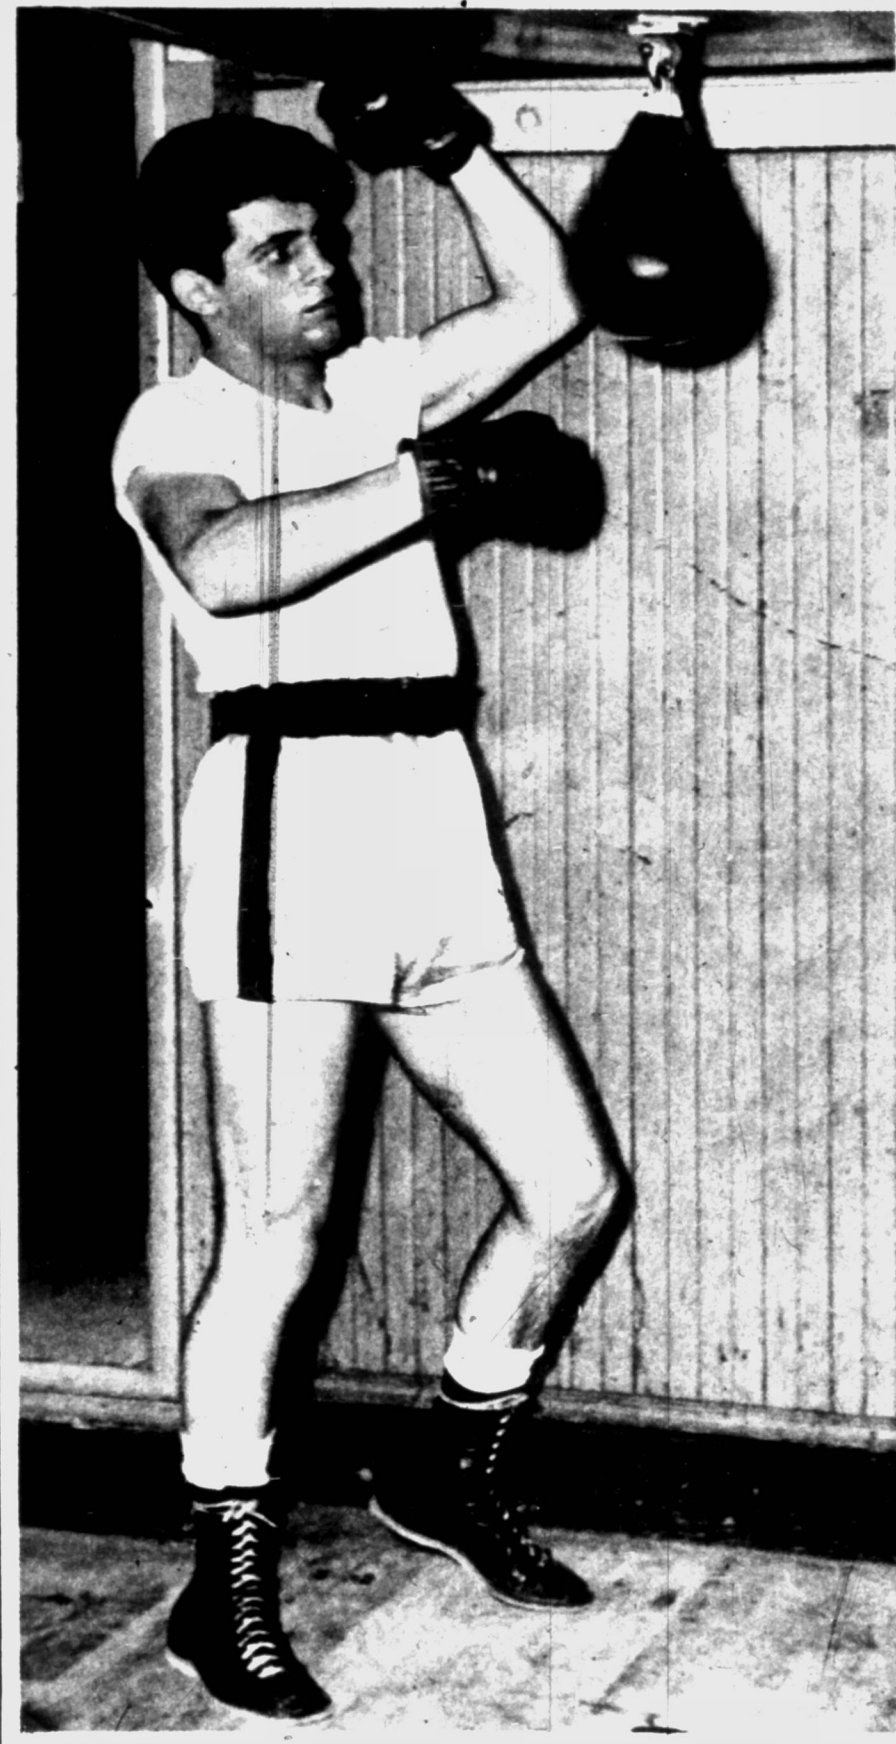

Town Counsel Joseph Purcell stated that the Town Meeting created a Committee.

Purcell also stated that under the Town Manager form of Government, only the Manager may establish a department and that this was not the intent at the time.

Those representing Youth Services feel that they may obtain funds as aid only as a Department.

Temporary Manager Frank O'Hara will discuss the matter further with the Town Manager.

Born to Mr. and Mrs. John J. Heavern, Jr., of Hull, a daughter, Denise Marie, on Dec. 25 at St. Margaret's Hospital in Dorchester.
